Welcome Central Middle School Families,

Welcome to a new school year! A special welcome to those of you who are new to Edmond Public Schools and Central Middle School. Get ready for an AMAZING adventure here at Central. The change physically, socially, emotionally, and intellectually is greater now than in any other time in your student's life. They arrive as young children and leave as young adolescents. There is nothing more rewarding than helping students reach their potential. I am excited yet humbled to be the principal in partnership for the benefit of our young people. In this new school year, we plan to continue high energy programs and initiatives to ensure the success of ALL Central Middle School Tigers!

Central opened in 1956 and since that time has served in many capacities including as a high school, a mid-high, and finally becoming a middle school in 1993. Many notable Edmond residents have spent their days in our classrooms. As a National Blue Ribbon school, Central Middle School continues to offer our students the opportunity for academic success and student leadership. Providing our students the foundation they need to be successful as they progress through their academic careers.

As a faculty, we maintain high expectations for our students and look forward to the partnership between home and school. To keep our students moving forward, Central Middle School encourages all our kids to use this summer as a time to explore new areas of interest and read...read...read... The 2020/21 school year will be here before you know it and we're already excited to begin. Welcome to Central Middle School, the most AMAZING middle school in the UNIVERSE, and home of the Tigers!!
